ENVIRONMENTAL POLICY

MCE ValvTechnologies Europe, based in Teesside is a wholly owned subsidiary of the prestigious valve manufacturer ValvTechnologies Inc. Houston Texas who have a proven track record of providing field tested zero-leakage solutions.

We specialise in providing valve repair, refurbishment and testing of all valves including safety relief valves, control and isolation valves and associated equipment for the power and process industries both at customer's premises and / or our premises; consisting of 9480 sq ft of offices and workshop facilities. Furthermore, we provide diagnostic services covering hot and cold safety relief valve testing (V-cal) in situ and non-intrusive acoustic inspection to ascertain leakage levels in valves whilst in operation.

In addition, we are the main European distributor of ValvTechnologies valves and are the preferred service provider across Europe.

Our Integrated Management System has been developed in accordance with ISO 14001 (Environment), BS OHSAS 18001 (Safety), ISO 9001 (Quality), UVDB Achilles Verify and EuTech.212 (safety relief valves) requirements.

It is our policy to:

- Meet all legal, regulatory and other requirements within its served industries
- Identify, assess and manage potential risks identified within our activities and record these in the Environmental Risk Assessment
- Maximise reuse, recycling, and energy recovery from waste
- Reduce the amount of waste sent to landfill
- Develop sustainable supply chains by using suppliers wherever appropriate that have environmental standards compatible with our own
- Reduce the consumption of fossil fuels and incorporate long-term strategies for energy efficiency
- Regularly review environmental performance and continual improvement through the setting, achieving of Environmental objectives and targets

This policy is reviewed every three years or as and when significant changes occur. It is communicated internally via notice boards, email and employee awareness training, externally via the company website and it is available upon request.
